EVENTS IN VICTORIA

Thursday 6th January 3 pm THREE KINGS DAY BD PREPARATION STIRRING AND CASTING at the surrounding grounds of the Biodynamics Community Garden at the Michael Centre, 37A Wellington Park Drive, WARRANWOOD. At this time of the year when the human soul is bound up with the spiritual forces of the earth, the same force is contained in the seed of every plant in the depths below, bound up with the physical forces of the earth. On this Epiphany Day we gather those latent forces by stirring the Gifts of the Magi - gold, frankincense and myrrh - into the sun-imbued rainwater. We will stir for an hour and cast this in the garden. Everyone is most heartily welcome to create this 'magic circle' for the year ahead. Supported by the Michael Group. For enquiries, contact Atika: 0433 677 106

What is Anthroposophy?

Anthroposophy is a path of knowledge that guides the spiritual in the human being to the spiritual in the universe.

It was inaugurated by the Austrian spiritual scientist Rudolf Steiner (1861–1925). Anthroposophy is there for anyone who is seeking to lead a conscious spiritual life. Insights gained through Anthroposophy and anthroposophic meditative life can be applied in all areas of human life.

Steiner Education, Biodynamic Agriculture, Anthroposophic Medicine, renewal of arts and the new art of Eurythmy, Goethean Science and Social Threefolding are just some examples.
