What is Anthroposophy?

Anthroposophy is a path of knowledge that guides the spiritual in the human being to the spiritual in the universe.

It was inaugurated by the Austrian spiritual scientist Rudolf Steiner (1861–1925). Anthroposophy is there for anyone who is seeking to lead a conscious spiritual life. Insights gained through Anthroposophy and anthroposophic meditative life can be applied in all areas of human life.

Steiner Education, Biodynamic Agriculture, Anthroposophic Medicine, renewal of arts and the new art of Eurythmy, Goethean Science and Social Threefolding are just some examples.
