What is Anthroposophy?

Anthroposophy is a path of knowledge
that guides the spiritual in the human being to the spiritual in the universe.
It was inaugurated by the Austrian spiritual scientist Rudolf Steiner (1861–1925).
Anthroposophy is there for anyone who is seeking to lead a conscious spiritual life.

Insights gained through Anthroposophy
and anthroposophic meditative life
can be applied in all areas of human life.

Steiner Education, Biodynamic Agriculture, Anthroposophic Medicine and therapies,
renewal of arts and the new art of **Eurythmy, Goethean Science**, religious renewal, and
Social Threefolding are just some examples.
