## What is Anthroposophy?

Anthroposophy is a path of knowledge that guides the spiritual in the human being to the spiritual in the universe.

It was inaugurated by the Austrian spiritual scientist Rudolf Steiner (1861-1925).

Anthroposophy is there for anyone who is seeking to lead a conscious spiritual life.

Insights gained through Anthroposophy and anthroposophic meditative life can be applied in all areas of human life. **Steiner Education**, **Biodynamic Agriculture**, **Anthroposophic Medicine** and therapies, renewal of arts and the new art of **Eurythmy**, **Goethean Science**, religious renewal, and **Social Threefolding** are just some examples.
