

Christmas Circle Gathering

Kate and Paul warmly welcome you to share together the ritual space for Christmas, to invite the re birthing of the spirit child within. In a time when more than ever we are each called upon to carry our convictions with new trust, a deepening of the yearly festivals can guide and nourish us.

Feel free to bring a christmas circle sharing (not obligatory): after we will listen to a christmas tale: followed by artistic responding to - what speaks to us today?

A christmas nibble together will follow
