

It is with immense joy that we invite you to **One Health** the on-line Asia-Pacific Anthroposophic Conference taking place from Friday December 18-Sunday December 20. Join colleagues and friends from the wider anthroposophic world community celebrating the deeper foundations of health as fostered through the working together of Anthroposophic Medicine, Bio-Dynamic farming and Waldorf Education in this centennial year for Anthroposophic Medicine.

Our keynote speakers are Dr Georg Soldner, Florian Osswald, and Jean-Michel Florin leaders and co-leaders of their respective Sections at the Goetheanum. They are supported by expert colleagues in New Zealand, Thailand, Malaysia, India, Philippines and Taiwan.

The conference is free but we encourage you to make a donation to help cover the conference's costs and support future work. Your support is essential for our ongoing activities. The conference is being advertised widely through the Asia-Pacific region and we have been challenged by the Goetheanum to have a thousand participants. We hope it is an opportunity for you to meet people from a wide range of countries and cultures working together.

You can register and make your donation through the website: www.amsindiachapter.in
If you have any questions, please email amsindiachapter10@gmail.com or mgreen@weledatrust.org.nz

The times given on the programme are in Indian time. To convert to NZ time, you need to add 7.5 hours. This means the conference day begins at 6pm NZDST. You can participate in as much of the conference as practical for you. The organisers realise that our time zone makes some of the activities more challenging. We look forward to your participation!

With warm regards,
The Executive Council of the Medical Society- India Chapter and the wider group of conference organisers
