

Twelve Days of Christmas – Holy Nights Contemplations

25 December 2023 – 5 January 2024

With Jude (Martin) Neeme-Samson and Craig Logan

Daily Contemplation and Conversational Deepening

7.00 pm – 8.00 pm Sydney time

Zoom online (Recommended donation \$80)

The Creation of the Etheric Heart and the Future of Humanity

And

The Cosmic Communion of the Human Being

In each session, there will be three fifteen-minute considerations of the two themes, which will complement each other and set a mood of soul for participants to work with over the ensuing night and day.

Each day will have the nurturing aspect of a retreat for our soul and our spiritual work in the coming year.

Jude will begin the first session with the esoteric development of the etheric heart and the relevance of the fifth chamber for our spiritual work.

Then Craig will explore what else the heart does that we are yet to understand or rediscover. Exploring the heart, not just physiologically, but also as a sense organ, we shall look at how it works alongside the brain, blood, breath and lungs, to consider the future concept of heart thinking, and how we may begin this process today.

In the Third Session Jude will continue to develop the practice of the Spiritual Communion as the Cosmic Ritual for the Transformation of Natura to Anthropos-Sophia.

The final fifteen minutes will be for conversation that will help grow the work over the Christmas season in preparation for the coming year.

Once you are registered the Zoom link will be sent two days (23/12/23) before we start. The session will start 7:05 pm and it is recommended that you **join the link a few minutes early**. The link will be open from 6.55pm. **The link is the same one for each session.**

If there is enough interest there will also be an event on Epiphany, January 6th to bring the process to completion.

Registration: <https://tinyurl.com/4fv4c7yw>

The contemplations will be recorded for people who have registered but can't participate in person. They can be accessed and watched later. The link to the viewing folder will be sent out with the zoom link.
