

# Reading The World Script

An Etheric Geography Pre-Conference  
Live and online 14 August 2021

## *Exploring the macro, meso and micro dynamics of the World ether in Nature and Human Being*

---

This 2-hour webinar is a preparatory online workshop for the Etheric Geography Conference 17-19 September 2021. Originally planned as a 1-day workshop in Maitland, the program has been moved online due to lockdown in Greater Sydney/NSW.

### What is it about?

Observing the macrocosmic movements of the stars of the season, mesocosmic movements of the elements of water and air around Australia, and the microcosmic dynamics in the human organs and how medicinal potentization really works. Through imaginative picture-building, we will explore the mysteries of the World etheric through the lens of spiritual science.

### Presenters

Martin Samson, author, poetic philosopher and theologian  
Dr Fiona Campbell, cognition and creativity researcher, lecturer and artist  
Irmhild Kleinhenz, Anthroposophic naturopath and integrative health consultant
